**Boggestowe Sportsmen's Club**  
Meal served, Always Good!  
Discuss League Business and Future.

Board of Directors Meeting  
2nd Monday of month If needed.

### Shooting Club

.22 Cal. Pistol Shooting has resumed, @ 7:00 PM. See Luca or Nick for what nights they are shooting! All shooters are welcome. A fun shoot. Try It!

**If You Shoot PICK UP YOUR BRASS or your key will be shut off!**

**The pond level has been holding but we still need some sand bags at the far end.** My Phone calls have been put in silent mode and can't be heard but I will keep trying. The area at the drive way was also supposed to be reseeded. I will ask if any thing can be done by the town.

## The Old Man and The Sea

**As promised Don brought some of his tuna steaks to the last meeting.**

For those of you who did not eat any you don't know what you missed. They were deelicious. Those of us who did eat them, enjoyed and we want to give Don a big Thank You for sharing his Catch with the club.

**There is a Hunter Safety Class Being held at The Walpole Sportsmen's August 27, 28 & 29.**

This class being on a weekend was filled in two weeks of posting. Norwood will hold its final class for the season on September 14, 16, 21, 23 & 28. If you know of any one who wants to get is hunter safety card or FID they better hurry and sign for this class.

**For all sportsmen** time is running out to apply for your any deer permits. If you haven't done it yet do it as soon as you read this letter.

**For those who helped out** at the weed pulling event at the Ellis pond the club and the Norwood Conservation Commission want to thank you it was a successful event. There is an on going study to identify the plants in both ponds and to select a herbicide that will wipe them out.

**Note: The keys have been up dated**  
Make sure your key works when you come to the club.

**For those of you with pools or boats** keep a sharp eye on your children and grand children. This has been a tragic summer for downing's and there are more deaths than with firearm incidents. And don't forget the great white sharks.

**This is a good time to take the kids fishing.** The pan fish are biting a foot below the surface. The bass and pickerel are hitting surface plugs and the trout are down deep in the cool water. Give it a shot. Remember the kids won't get cold either!!

**Please try to make the meeting.** The beer is cold the hall is cool and the food is great. See you There!
